ASTRA MUSEUM VILLAGE 22:00 PM

After we arrive at the ASTRA Village Museum, we take a short walk around the premises. Afterwards, the boys show off their grilling skills and we have a nice late dinner. After dinner, we all present our concepts again for our guest critics and receive more feedback to our ideas. Shortly after, we fall into very good sleep. The next day, we walk around the museum sketching and taking pictures of the traditional housing.

CALEA MINORITĂȚILOR ETNICE

Moară de vânt joasă, Enisala, județul Tulcea

Dată în secolul al XIX-lea, moara provine din satul Enisala, județul Tulcea, unde a funcționat până în anul 1966. Construcție de lemn, dreptunghiulară, de dimensiuni mici, cu un schelet portant din bărne de stejar, căptușit cu scânduri de brad și un acoperiș în două ape, învelit cu scândură, aparține tipologic categoriei morilor de vânt cu pivot central (prostap).

Moară de vânt din satul Curcani, județul Constanța

Dată în a doua jumătate a secolului al XIX-lea moara a fost arhizbionată în anul 1968 și reconstruită în Muzeul Tehnic Populare în anul 1970. Face parte din tipul morilor de vânt cu pivot ridicat pe sâdă de piatră.

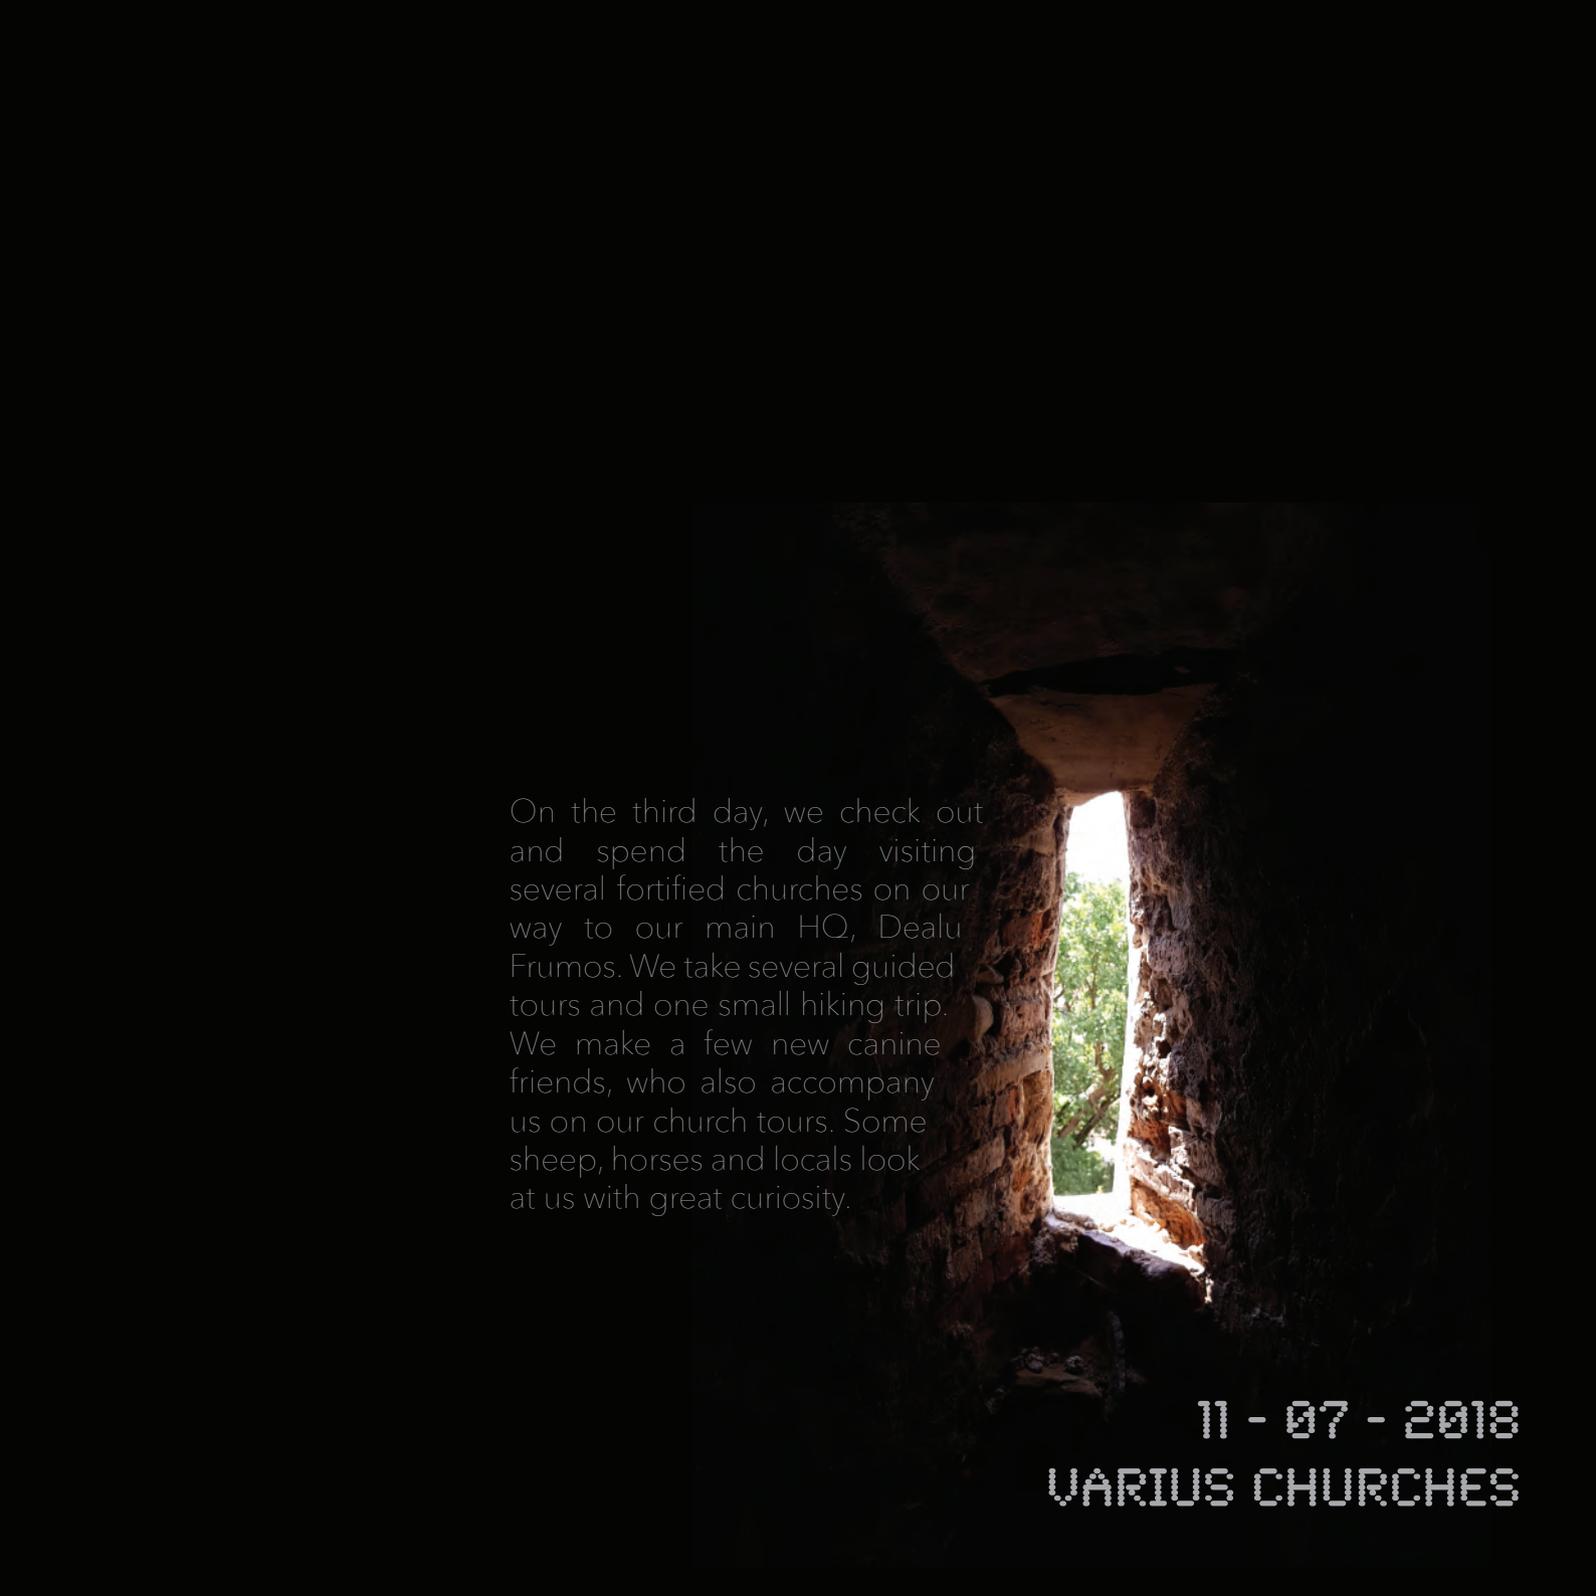

Following our museum tour, we have a very interesting painting workshop. We first learn how to mix our own tempera colours, and we do this using only pigments found in the different earth layers. We try to capture the essence of the museum exponents. I try to paint a portrait of Toni, with limited success.

On the third day, we check out and spend the day visiting several fortified churches on our way to our main HQ, Dealu Frumos. We take several guided tours and one small hiking trip. We make a few new canine friends, who also accompany us on our church tours. Some sheep, horses and locals look at us with great curiosity.

11 - 07 - 2018

VARIUS CHURCHES

In the evening,
we settle into our
accomodation at
Dealu Frumos.
We are housed
in two buildings:
the local school
and the fortified
church.

We spend
evening sitting
in the
courtyard
dining room
in dark
enjoy the
starry sky to
not us

d the first
tting in the
of our
om. We sit
ness and
e visible
that we are
ed to.

The next day we
have several
input lectures
again, and take a
guided tour of
the church tower
and learn about
the restoration
work that has
been done.

DEALU FRUMOS 13:00 PM

On our last day, we continue our exploration of the nearby fortified churches. On our way back to dinner, we stop by the brick factory in Apos and we get to see the production process.
